

PETITION TO VOTE AGAINST WATER COMPACT

**WHEREAS**, the treaty of 1855 signed by the CSKT, gave to the Indian Tribes only fishing rights without any mention of water whatsoever;

**WHEREAS**, the District Courts of the United States, through judicial decisions, effectively rewrote these treaties giving egregious water rights to the Indian Tribes to the detriment of the citizens of the State of Montana;

**WHEREAS**, the actions and decisions of these courts are clearly beyond the power, scope and/or responsibility given to our judicial system and are therefore illegal by definition;

**WHEREAS**, the effect of these illegal and unwarranted decisions have taken away from the citizens of the State of Montana their right to manage, through their elected officials, the natural resource of water within this State;

**THEREFORE**, I (we) demand our legislature:

1. Vote against the approval of the Water Compact brought before the legislature in this current session
2. To take action in the form of legislation to "nullify" the illegal acts of District Court judges relative to the water rights of the citizens of the State of Montana
3. To take the necessary steps to reaffirm the rights of Montanans to control the natural resource of water within the boundaries of the State of Montana as is guaranteed by our state Constitution.

PETITION TO VOTE AGAINST WATER COMPACT

WHEREAS, the treaty of 1855 signed by the CSKT, gave to the Indian Tribes only fishing rights without any mention of water whatsoever;

WHEREAS, the District Courts of the United States, through judicial decisions, effectively rewrote these treaties giving egregious water rights to the Indian Tribes to the detriment of the citizens of the State of Montana;

WHEREAS, the actions and decisions of these courts are clearly beyond the power, scope and/or responsibility given to our judicial system and are therefore illegal by definition;

WHEREAS, the effect of these illegal and unwarranted decisions have taken away from the citizens of the State of Montana their right to manage, through their elected officials, the natural resource of water within this State;

THEREFORE, I (we) demand our legislature:

1. Vote against the approval of the Water Compact brought before the legislature in this current session
2. To take action in the form of legislation to "nullify" the illegal acts of District Court judges relative to the water rights of the citizens of the State of Montana
3. To take the necessary steps to reaffirm the rights of Montanans to control the natural resource of water within the boundaries of the State of Montana as is guaranteed by our state Constitution.

**WHEREAS**, the treaty of 1855 signed by the CSKT, gave to the Indian Tribes only fishing rights without any mention of water whatsoever;

**WHEREAS**, the District Courts of the United States, through judicial decisions, effectively rewrote these treaties giving egregious water rights to the Indian Tribes to the detriment of the citizens of the State of Montana;

**WHEREAS**, the actions and decisions of these courts are clearly beyond the power, scope and/or responsibility given to our judicial system and are therefore illegal by definition;

**WHEREAS**, the effect of these illegal and unwarranted decisions have taken away from the citizens of the State of Montana their right to manage, through their elected officials, the natural resource of water within this State;

**THEREFORE**, I (we) demand our legislature:

1. Vote against the approval of the Water Compact brought before the legislature in this current session
2. To take action in the form of legislation to "nullify" the illegal acts of District Court judges relative to the water rights of the citizens of the State of Montana
3. To take the necessary steps to reaffirm the rights of Montanans to control the natural resource of water within the boundaries of the State of Montana as is guaranteed by our state Constitution.

**PETITION TO VOTE AGAINST WATER COMPACT**

**WHEREAS**, the treaty of 1855 signed by the CSKT, gave to the Indian Tribes only fishing rights without any mention of water whatsoever;

**WHEREAS**, the District Courts of the United States, through judicial decisions, effectively rewrote these treaties giving egregious water rights to the Indian Tribes to the detriment of the citizens of the State of Montana;

**WHEREAS**, the actions and decisions of these courts are clearly beyond the power, scope and/or responsibility given to our judicial system and are therefore illegal by definition;

**WHEREAS**, the effect of these illegal and unwarranted decisions have taken away from the citizens of the State of Montana their right to manage, through their elected officials, the natural resource of water within this State;

**THEREFORE**, I (we) demand our legislature:

1. Vote against the approval of the Water Compact brought before the legislature in this current session
2. To take action in the form of legislation to "nullify" the illegal acts of District Court judges relative to the water rights of the citizens of the State of Montana
3. To take the necessary steps to reaffirm the rights of Montanans to control the natural resource of water within the boundaries of the State of Montana as is guaranteed by our state Constitution.

**WHEREAS**, the District Courts of the United States, through judicial decisions, effectively rewrote these treaties giving egregious water rights to the Indian Tribes to the detriment of the citizens of the State of Montana;

**WHEREAS**, the actions and decisions of these courts are clearly beyond the power, scope and/or responsibility given to our judicial system and are therefore illegal by definition;

**WHEREAS**, the effect of these illegal and unwarranted decisions have taken away from the citizens of the State of Montana their right to manage, through their elected officials, the natural resource of water within this State;

**THEREFORE**, I (we) demand our legislature:

1. Vote against the approval of the Water Compact brought before the legislature in this current session
2. To take action in the form of legislation to "nullify" the illegal acts of District Court judges relative to the water rights of the citizens of the State of Montana
3. To take the necessary steps to reaffirm the rights of Montanans to control the natural resource of water within the boundaries of the State of Montana as is guaranteed by our state Constitution.

Nine Pipes area

January 30, 2013

To Mark Agather,

Thank you for your willingness to address this very major problem facing the citizens of Montana.

My Grandparents on both sides were homesteaders (or invaders depending on your point of view), arriving from Iowa, Missouri, Minnesota, and Norway (via Canada).

I was born in 1947 and raised on the Ft. Peck Indian Reservation. My mother's family homesteaded south of the Missouri in McCone County, but my father's family settled on the reservation which was opened to homesteaders in 1910 (I think that was the date).

I always thought that the cultural and racial diversity both on that reservation and on the one we currently reside on was a strength. Now I learn that non tribal people are not really welcome here; however, I will personally apologize no more for the past. I was not responsible for the past. We are all a product of the times we are born to and no more, no less.

I checked the BIA website and note that the agency is requesting \$2.5 billion dollars from the taxpayers for 2013, which reflects neither sovereignty nor independence for tribal governments.

Oddly enough, we had decided to sell last spring and return to the north country near Libby but not sure what options for selling are now. The other issue facing us is that by staying here and publicly addressing problems with water rights, we fear that our voices could adversely affect our son and his family who live and work here in the Mission Valley.

Thanks again,

*Leta Jim Wicks*

**WHEREAS**, the treaty of 1855 signed by the CSKT, gave to the Indian Tribes only fishing rights without any mention of water whatsoever;

**WHEREAS**, the District Courts of the United States, through judicial decisions, effectively rewrote these treaties giving egregious water rights to the Indian Tribes to the detriment of the citizens of the State of Montana;

**WHEREAS**, the actions and decisions of these courts are clearly beyond the power, scope and/or responsibility given to our judicial system and are therefore illegal by definition;

**WHEREAS**, the effect of these illegal and unwarranted decisions have taken away from the citizens of the State of Montana their right to manage, through their elected officials, the natural resource of water within this State;

**THEREFORE**, I (we) demand our legislature:

1. Vote against the approval of the Water Compact brought before the legislature in this current session
2. To take action in the form of legislation to "nullify" the illegal acts of District Court judges relative to the water rights of the citizens of the State of Montana
3. To take the necessary steps to reaffirm the rights of Montanans to control the natural resource of water within the boundaries of the State of Montana as is guaranteed by our state Constitution.
